

2023-2024 Annual Troop Finance Report

What is it?

Each troop is required to submit an Annual Finance Report summarizing the troop's income and expenses for the period May 1, 2023 - April 30, 2024. The report is **due by June 30, 2024**. Your troop will be out of compliance and will not be eligible to receive future funds from the Council (i.e. for wider-opportunities, donation pass-thru or incentives) unless the Annual Financial Report is completed.

How do I submit the report?

The Annual Troop Finance Report is conveniently located in the **Finance Tab of your Volunteer Toolkit** (find this under My GS on the [Council website](#)). Only volunteers in the role of Co-Leader or Treasurer can complete the report, so they should work with the Bank Account Signers to prepare and submit the report.

Gather all your bank statements for the year or download all transactions from your online banking account. Categorize each transaction into the above categories.
